

General and Subspecialist Pediatricians

(Multiple positions available)

STAR KIDS CLINIC is a brand new pediatric clinic opening in Markham ON in November 2019.

We are looking for part time/full time/occasional, general and subspecialist pediatricians who are interested in joining a vibrant, passionate and child-friendly team.

You can choose to do primary care or consults only or a mix of both.

We are flexible with hours and offer a supportive work environment, excellent staff and very attractive fee-for-service split.

We will be using Telus PSS EMR.

Supervision can be arranged for General Pediatricians who have trained abroad.

We are located in a medical building with imaging and lab on site, pharmacy across the street and free parking. Our office is spacious and can comfortably accommodate multiple physicians.

The office is located in a residential part of Markham with lots of young families with children.

If you would like more information, please send an email to Dr. Harshini Sriskanda at admin@starkidsclinic.ca.
