

Back to School/Back to Daycare/Back to Work Self Attestation

We believe that Doctor's notes are not an appropriate use of health system resources; they potentially put patients, teachers and contacts at further risk and physicians are not generally in a position to adjudicate such matters.

Instead, we feel that parents and families can use this "Self-Attestation" form to fill and assess whether or not it is safe or prudent to go back to school/daycare or work. Please be honest and responsible when completing the checklist as the continued control of spread of virus in our community depends on strategies to keep those who may spread the disease away from others. Please check the boxes below when going back to school, daycare or work:
